
Memorandum

To: RSC Capital Planning Committee Members

November 12, 2004

From: Jan Hanson

Subject: Committee Discharge

On April 15, 2004 the RSC Planning Committee was charged with the following:

- Evaluate capital project solutions to address RSC infrastructure and program issues using the Workshop Architects' RSC Master Plan document and other resources as necessary
- Communicate the possible RSC infrastructure options to broader student body for feedback and comment
- Develop RSC capital project recommendation to address building and program needs; this recommendation should include a budget cost estimate with potential funding sources
- Prepare student body for referendum vote on RSC capital project recommendation

Since that time committee members have worked diligently to accomplish these tasks and comply with the request that a capital project referendum be held before the end of the fall semester 2004.

Therefore, the committee's work is complete and you are discharged from your obligations as an RSC Planning Committee member. I want to thank each of you for the hard work that you've accomplished. I have watched this student governance process unfold these past seven months and am very proud of the interaction and dialogue that's developed regarding the RSC project.

Cc: Chancellor Erlenbach
